

CR No 15 - Correction of the consolidated semi-annual report for the first half of 2023

Management Board of Stalprodukt S.A. ("Issuer") informs that the interim report for the first half of 2023, published on August 31, 2023, contains the auditor's reports on the review of the interim condensed financial statements of Stalprodukt S.A. and interim condensed consolidated financial statements of the Capital Group containing technical errors in electronic signatures. As a result of verification, these signatures were found to be incorrect.

In connection with the above, the Issuer re-publishes the semi-annual report for the first half of 2023 with properly signed reports of the independent statutory auditor on the review of both of the above-mentioned reports.

The Issuer also emphasizes that this correction of the semi-annual report is only of a technical nature and in the remaining scope the content of none of the documents making up the semi-annual report has not changed.
