By 26th March 2025, in accordance with the Invitation schedule described in point 5 above, the Company will accept correctly submitted Offers for the Sale of Registered Shares. The acceptance of Sale Offers of Registered Shares from individual Shareholders takes place in the form of a resolution of the Company's Management Board, on the terms consistent with the Company's Articles of Association, and is intended to confirm the Sale Offers of Registered Shares qualified for implementation. In particular, the above acceptance does not constitute acceptance of the offer within the meaning of the Civil Code and does not result in concluding an agreement for the sale of Shares and transfer of Shares to the Company. The said resolution of the Company's Management Board will be sent immediately to the Brokerage House.

On 26th March 2025, the Company will submit to the Brokerage House a written list of all persons who have obtained the Management Board's consent to sell Registered Shares. Bearer Share Sale Offers do not require the consent of the Company's Management Board.

Applications from Shareholders who have not completed the necessary activities within the time required by the Schedule will not be considered.

If the total number of Shares covered by all valid Sale Offers (i.e. all Sale Offers for Registered Shares in relation to which the Condition has been met and the Sale Offers for Bearer Shares) is lower or equal to the maximum number of Shares that the Bidder intends to purchase, the Bidder will purchase all Shares covered by Offers for Sale of Registered Shares in relation to which the Condition has been met and all Shares covered by Offers to Sale of Bearer Shares.

If the number of Shares resulting from valid Sale Offers is higher than the maximum number of Shares that the Bidder intends to purchase, the Sale Offers submitted by the Shareholders will be subject to a proportional reduction. In such a case, the number of Shares resulting from the Sale Offers will be rounded down to a whole number. If fractional numbers of Shares remain after the proportional reduction, these Shares will be purchased one at a time, starting from the Sale Offers for the largest number of Shares to the Sale Offers for

the smallest number of Shares, until the Shares are fully allocated to the Bidder. If, after carrying out the above activities, there remain Shares that have not been purchased by the Bidder, these Shares will be acquired by the Bidder from the Shareholders by drawing lots until the Shares are fully allocated to the Bidder. Fractional parts of Shares will not be acquired. The Shares shall be acquired by the Bidder through the transfer of the ownership title to the Shares in the over-the-counter transaction from the Shareholders that submit properly completed Offers for Sale of the Shares (after taking into consideration any reduction in accordance with the above-mentioned provisions of the Invitation).

The transfer of the ownership title to the Shares shall be settled within the depository and settlement system of the National Depository for Securities on the basis of settlement instructions. The intermediary entity for settlement, in terms of transfer of the Shares and cash settlement, is the Brokerage House.

9. Payment of the Purchase Price

All Shares purchased in the number agreed in accordance with the rules set out in section 8 above shall be paid for by the Bidder in cash. The amount constituting the product of the final number of the Shares to be purchased from each Shareholder under this Offer for Sale and the purchase price shall be transferred to the account of the brokerage entity issuing the settlement instruction collectively for all Shareholders holding a securities account with that entity. In order to settle the purchase of the Company's Shares under this Offer, the Bidder has established security in the amount corresponding to the value of the Shares, covered by this Offer, in the form of cash on the Bidder's investment account kept by the Brokerage House.

It should be noted that the entities keeping the securities accounts of the Shareholders on which the Shares are recorded may charge commissions or fees for the transfer of the Shares to the Bidder by way of sale, as well as for other activities carried out by such entities in connection with the sale of the Shares to the Bidder (for instance, for the issue of a certificate of the ownership of shares deposited on securities account, the establishment of a share block, etc.) in accordance with the rules and procedures of the relevant entity and the service agreement concluded between the relevant entity and the Shareholder. The Shareholders that intend to make an Offer for Sale of Shares shall contact the entity keeping the Shareholder's securities account in order to ascertain the amount of fees or commissions charged for carrying out the activities referred to herein. The aforesaid costs shall be borne by the Shareholder. The Brokerage House shall not collect any fees or commissions from persons responding to the Offer in connection with their submission of the Offer for Sale of Shares. The Brokerage House shall charge a commission on sales transactions of the Shares made by its clients in accordance with the valid fee and commission schedule.

10. Taxation

It should be pointed out that the sale of the Shares to the Bidder may involve tax consequences for the Shareholders. Taking the aforementioned into consideration, the Shareholders are advised to seek advice from their tax, financial and legal advisers on a case-by-case basis or to obtain the official statement of the relevant administrative authorities competent in this respect.
